

STORY

The screenshot shows the IBM Cognos Analytics interface with a "New story of vis ... sustainability" perspective. The dashboard features a grid of five cards:

- INSTRUMENTAL GOALS:** A grid of 17 icons representing the UN Sustainable Development Goals.
- goal_14_score and goal_9_score:** A line chart showing the trend of two specific goals from 2015 to 2017. The chart shows a slight increase in both measures over the period.
- This dataset used to make useful insights for business expansion:** A scatter plot showing the relationship between two variables.
- goal_14_score and goal_9_score:** A bar chart comparing scores across different categories.
- goal_14_score and goal_9_score:** A heatmap showing correlations or data density across various dimensions.

The interface includes standard navigation buttons (Prev scene, Next scene), a timeline (0:00.0), and a Windows taskbar at the bottom.

The screenshot shows the IBM Cognos Analytics interface with a "New story of vis ... sustainability" perspective. The dashboard features a large central card titled "SUSTAINABLE DEVELOPMENT GOALS" displaying the 17 UN Sustainable Development Goals with their respective icons.

To the right of the main card, there is a detailed callout for "goal_14_score and goal_9_score" with the following text:

- this dataset used to make useful insights for business expansion

A line chart to the right of the callout shows the values of "goal_14_score" (purple line) and "goal_9_score" (blue line) from 2015 to 2017. The chart indicates a steady increase for both measures over the three-year period.

The interface includes standard navigation buttons (Prev scene, Next scene), a timeline (0:05.0), and a Windows taskbar at the bottom.

The screenshot displays a complex dashboard from IBM Cognos Analytics. On the left, there's a treemap visualization where countries are represented as colored rectangles. A specific rectangle for 'Denmark' is highlighted in purple. To the right of the treemap is a bar chart titled 'goal_14_score and goal_4_score by country'. The chart has two series: 'goal_14_score' (represented by purple bars) and 'goal_4_score' (represented by green bars). The x-axis ranges from 0 to 100. The chart lists several countries with their corresponding scores. Below the chart, there's a descriptive text: 'graphical representation of data which gives useful insights'. At the bottom of the dashboard, there's a navigation bar with buttons for 'Prev scene', 'Next scene', and 'Scene 6 of 6'. A progress bar indicates the current scene is at 0:03.3 and the next one at 0:05.0. The system also shows the date and time as 2:31 PM on 14-Dec-23. The overall interface is a web-based application with a dark theme.
